

AMH Electric Forklifts

Your Partner in Efficient Material Handling

About Us

At AMH Electric Forklifts, we are redefining the way industries handle goods. Based in Lahore, we specialize in electric forklift rentals, sales, and maintenance services, catering to factories, warehouses, and cold storage facilities.

As a growing startup, our mission is simple:

- To provide cost-effective and eco-friendly solutions for material handling.
- To help industries reduce fuel costs and move towards sustainable operations.
- To deliver European-quality equipment with reliable service and support.

We are not just equipment providers — we are partners in your operational success.

Your trusted partner for forklifts, batteries, and maintenance—powering progress across Punjab

Our Services

Forklift Rentals – Monthly rental plans tailored for factories, warehouses, and cold storage facilities.

Forklift Sales – Supply of new and used forklifts — electric or diesel — along with other Material Handling Equipment (MHEs), sourced and delivered as per your operational needs.

Maintenance & Spare Parts – Maintenance services and genuine spare parts for all kinds of MHEs, whether electric or fuel-powered (diesel, LPG, etc.).

Battery Solutions – New and used **individual cells**, complete **battery pack solutions** from trusted brands like **Hawker** and **Sunlight**, plus **lead-acid battery refurbishment** for a cost-effective alternative to new batteries. We also provide high-performance **battery chargers** to keep your operations running without interruption.

Rental vs. Ownership – Why Renting Makes Sense

Factor	Owning a Forklift	Renting from AMH
Upfront Cost	Very high (purchase + import)	Zero purchase cost
Maintenance	Customer responsibility	Covered by AMH
Flexibility	Stuck with one machine	Switch models easily
Cash Flow	Locked capital	Low monthly payments
Downtime Risk	High (repair delays)	Immediate support

Our Commitment

At AMH Electric Forklifts, we stand for:

- **Quality Equipment** – Reliable European forklifts, refurbished and performance-tested.
- **Customer Service** – Quick response, technical support, and tailored rental solutions.
- **Cost Efficiency** – Flexible rental plans and affordable battery refurbishment services.
- **Sustainability** – Promoting electric forklifts to reduce emissions and operational costs.

Our promise is to keep your operations running smoothly, safely, and efficiently.
